## 2.3 Private Hire Vehicle Licence Replacements

There will be no reduction in the cost and you cannot transfer any of the life of the previous licence to the new vehicle. However, if you have six months or more remaining on the current Private Hire Vehicle Licence, you will qualify for a free fast-track of your application and it will be processed within two working days.

Upon application, the existing Private Hire Vehicle Licence number must be submitted, so we can identify it is a replacement application. The applicant must be the same as the existing proprietor of the current vehicle licence. If you wish to transfer the vehicle to a new proprietor, see Section 3 below.

The application will be subject to the normal requirements details in Section 2.1 and the old Private Hire Vehicle Licence plate will need to be returned, before the new licence plate is issued.

### 3. Vehicle Licence Proprietor Transfers

A Wolverhampton licensed Hackney Carriage Vehicle or Private Hire Vehicle can be sold and transferred, providing the vehicle complies with the conditions of licence.

The vehicle proprietor must request to transfer within fourteen days of the sale, specifying the name and address of the person to whom the hackney carriage or private hire vehicle has been transferred.

The transfer form can be downloaded from our website

<https://www.wolverhampton.gov.uk/licences/taxi-licences/taxi-licence-faqs>

- (b) Valid certificate of insurance or cover note showing cover for public or private hire purposes (as appropriate to the vehicle licence) in the new proprietor's name.
- (c) From 1 April 2021, if the new proprietor is not a driver or operator licensed by City of Wolverhampton Council, you must also provide a Basic DBS certificate through the [UK Government website](#). If the new proprietor is a company or partnership, each director and partner must provide a basic DBS certificate. The certificate must be dated within the 12 months prior to transfer. The licence will not be transferred without a valid certificate being provided. If the DBS certificate contains information, a hearing may be required to be held to determine whether the individual is fit and proper to hold a licence, in consideration of the Council's '[Guidelines Relating to Relevance of Convictions and Breaches of Licence Conditions](#)', prior to the transfer of licence.

We will then contact the new keeper to make payment (currently £25) and receive their licence.

## 4. Wheelchair Accessible Vehicles

On 6 April 2017, section 165 and section 167 of the Equality Act 2010 came into effect.

Section 165 imposes legal duties on the driver of a designated Hackney Carriage and Private Hire Vehicle which has been hired by or for a disabled person in a wheelchair, or by another person who wishes to be accompanied by a disabled person who is in a wheelchair.

The key components of Section 165 are summarized below:

- Hackney carriage/private hire drivers will be required to carry the passenger while in the wheelchair
- Hackney carriage/private hire drivers are prohibited from charging wheelchair-users an additional fare for a journey
- Hackney carriage/private hire drivers will be required to carry the passenger's wheelchair if the wheelchair-user chooses to sit in a passenger seat during the journey
- Hackney carriage/private hire drivers will be obliged to take such steps as are necessary to ensure that the wheelchair-user is carried in safe and reasonable comfort
- Hackney carriage/private hire drivers must provide reasonable levels of mobility-assistance to the disabled passenger
- Hackney carriage/private hire drivers cannot refuse hires from wheelchair users

- If the passenger doesn't wish to remain in the wheelchair, to load the wheelchair into or out of the vehicle

Failure to comply with the duties listed under section 165 of the Act is a criminal offence.

Section 167 of the act permits local authorities to maintain a list of designated wheelchair-accessible hackney carriage and private hire vehicles.

## 5. Driver Safety Enclosures (DSE)

No material alteration or change in the specification, design, condition or appearance of vehicles shall be made without the prior approval of Licensing Services.

Aftermarket driver safety enclosures may reduce the risk of attack from passengers. However, there are risks which arise from these products, particularly those which are not approved or correctly installed. Changing or adding to the interior of the vehicle can alter the 'type approval' of the vehicle and have consequences as to what might happen inside the vehicle in the event of a collision.

If you are a manufacturer or supplier of a product and wish for it to be considered on this approved list, please visit <https://www.wolverhampton.gov.uk/licences/taxi-licences/DSE>.

The enclosure:

- Must be professionally installed by a competent person in accordance with the manufacturer's instructions.
- Must be fitted within the vehicle accordance with regulations UN ECE R43.00 and R21.01 and Section 12 of the M1 category DVSA IVA manual.
- Must not be modified from the original manufactured design, without the manufacturer's confirmation that this will not cause any safety issues or non-compliance with the relevant UK and/or EC safety legislation.
- Must not negatively affect any safety equipment, such as airbags, or escape from the vehicle.
- Must be maintained to a high standard of cleanliness, be 100% transparent and free of marks, graffiti or stickers.
- Must permit clear conversation between the driver and passengers.
- Must be notified to the vehicle insurer as a modification to the vehicle. Proof of insurance cover including the enclosure is required at all times.

If you wish to install a driver safety enclosure:

1. Notify your insurer of your intention to install a driver safety enclosure.
2. Choose a product from the approved list available at <https://www.wolverhampton.gov.uk/licences/taxi-licences/DSE>.
3. Check that the product will meet the requirements in the section above, relevant to your vehicle.
4. Contact [vehicle.lic@wolverhampton.gov.uk](mailto:vehicle.lic@wolverhampton.gov.uk), advising which product you intend to purchase, your vehicle licence number and your availability for a vehicle inspection.
5. Once you have received confirmation from Vehicle Licensing, purchase the product and arrange for it to be professionally installed. Please note that you should arrange for installation shortly before your vehicle inspection as you are not permitted to conduct any paid-for journeys in-between installation and inspection.
6. Attend your inspection, bringing proof of updated insurance and professional

- installation.
7. The vehicle must contain the written authorisation from Licensing Services that the enclosure is permitted, as well as proof that the insurance policy covers this modification.
