

THE WOLVERHAMPTON CITY COUNCIL (KEEPERS LANE, WOLVERHAMPTON)
(7.5 TONNES ENVIRONMENTAL WEIGHT RESTRICTION) ORDER 2019

Statement of Reasons

It is proposed to introduce a 7.5 tonne environment weight limit on Keepers Lane up to the administrative boundary of Wolverhampton which will match the existing weight restriction that Staffordshire have beyond the boundary on Keepers Lane. This should reduce unsafe issues of goods vehicles over 7.5 tonne using Keepers Lane as a route as there is no turning point.
