

**THE WOLVERHAMPTON CITY COUNCIL (CITY CENTRE)**  
**(ONE WAY STREETS) ORDER 2023**

**Statement of Reason:**

As part of the ongoing Public Realm improvements to the local environment and connectivity in Wolverhampton City Centre. The proposed restriction to the direction of traffic flow will support the proposed Cycling Facilities along the East - West corridor across the City. This will encourage cycling and provide a safer environment for pedestrians. The order will therefore contribute to the effective management of the highway network.
