

**THE WOLVERHAMPTON CITY COUNCIL (CITY CENTRE – WESTSIDE)
(PEDESTRIAN AND CYCLE ZONE) (WAITING AND LOADING) ORDER
2021**

Statement of Reasons:

The Westside Link project proposes to improve the local environment and public realm in Wolverhampton City Centre. The pedestrian and cycle zone in Victoria Street will create more space for pedestrians and cyclists thereby reducing the dominance of vehicles throughout the majority of the day, thereby improving the environment for vulnerable road users and creating a unique public space.
