

THE WOLVERHAMPTON CITY COUNCIL (SHAW ROAD) (ONE WAY TRAFFIC)
EXPERIMENTAL ORDER 2020

Statement of Reasons:

In an effort to improve the free flow of traffic on the highway network and to reduce the likelihood of vehicles obstructing junctions in the vicinity of the Shaw Road Household Waste Recycling Centre, the authority is seeking to introduce an experimental 'One-Way' restriction on Shaw Road between its junctions with Bushbury Lane at its northern end and Showell Road at the south, with all traffic being required to enter at the north and travel in a southerly direction along Shaw Road.
